## Agenda

### **5th March: Heart Institute Quirónsalud Teknon: first year outcomes**

19:00 - 19:45 h	<b>Welcome address</b> Leticia Moral. <i>Chief Medical Officer Quirónsalud.</i> Germán Barraqueta. <i>Territorial Director of Private Catalonia and Aragon Hospitals. Quirónsalud.</i> José Luis Simón. <i>Manager. Centro Médico Teknon. Quirónsalud.</i> <b>Heart Institute Quirónsalud Teknon. 1st. Annual Report</b> Xavier Ruyra. <i>Director. Heart Institute Quirónsalud Teknon.</i>
19:45 - 20:30 h	<b>Cocktail</b>

### **6th March: The future of cardiac diagnostics & treatment**

8:30 - 9:00 h	<b>Registration - Networking coffee</b>
9:00 - 9:15 h	<b>Welcome address</b> Germán Barraqueta. <i>Territorial Director of Private Catalonia and Aragon Hospitals. Quirónsalud.</i> José Luis Simón. <i>Manager. Centro Médico Teknon. Quirónsalud.</i> Gerard Hindricks. <i>Director of Electrophysiology. Leipzig Heart Institute.</i> Xavier Ruyra. <i>Director. Heart Institute Quirónsalud Teknon.</i> Antonio Berrezo. <i>Head of Research and Innovation. Heart Institute Quirónsalud Teknon.</i>
9:15 - 10:00 h	<b>Keynote lecture: Digitalization in Medicine, the benefits and limitations of digital innovation in cardiology research and practice.</b> Mintu Turakhia, <i>Center for Digital Health, Stanford University, USA. Executive Director.</i>
10:00 - 11:15 h	<b>PANEL DISCUSSION 1:</b> <b>Atrial Fibrillation Ablation and Cardioembolic Protection.</b> <b>Moderators:</b> Lluís Mont ( <i>Head of Arrhythmia Department, Hospital Clínic Barcelona and Heart Institute Quirónsalud Teknon</i> ) and Ángel Moya ( <i>Head of Cardiology Department. Hospital Universitari Dexeus</i> ). <ul style="list-style-type: none"><li>• <b>New technologies for percutaneous and transcutaneous treatment of cardiac arrhythmias.</b> Gerard Hindricks. <i>Leipzig Heart Institute. Director of Electrophysiology.</i></li><li>• <b>Atrial fibrillation ablation in Teknon Medical Center. Results of the Ablate-by-LAW, Single Center experience and beyond.</b> Antonio Berrezo. <i>Heart Institute Quirónsalud Teknon. Head of Arrhythmia Department.</i></li><li>• <b>Combined AF ablation and left atrial appendage closure. Initial experience at Teknon Heart Institute.</b> Gustavo Jiménez. <i>Heart Institute Quirónsalud Teknon. Associate doctor. Interventional Cardiology.</i></li><li>• <b>How imaging can help in LAA closure?</b> Alejandro Panaro. <i>Heart Institute Quirónsalud Teknon. Associate doctor. Cardiac Imaging Unit.</i></li></ul>

11:15 - 11:30 h	<b>Coffee-break</b>
11:30 - 12:45 h	<b>PANEL DISCUSSION 2:</b> <b>The best choice for the best treatment in aortic stenosis.</b> <b>Moderators:</b> Xavier Ruyra ( <i>Director of Heart Institute Quirónsalud Teknon</i> ) and Pilar Tornos ( <i>Chief Doctor in Cardiology Hospital Quirónsalud Barcelona</i> ). <ul style="list-style-type: none"><li>• <b>Computed Tomography for all patients? Features to be evaluated in native valves and biological prosthesis.</b> Julio Carballo. <i>Heart Institute Quirónsalud Teknon. Head of Cardiology Department.</i></li><li>• <b>Attractive TAVI cases, which valve for which patient?</b> Holger Thiele. <i>Leipzig Heart Institute. Director of Cardiology Department.</i></li><li>• <b>Minimally invasive aortic valve replacement with sutureless valve.</b> Eduard Permanyer. <i>Heart Institute Quirónsalud Teknon. Associate doctor. Cardiac Surgery Department.</i></li><li>• <b>Valve therapies: now and for the next decade.</b> Michael Borger. <i>Leipzig Heart Institute. Director of Cardiac Surgery.</i></li></ul>
12:45 - 14:00 h	<b>PANEL DISCUSSION 3:</b> <b>Last trends in cardiac research</b> <b>Moderators:</b> José Ángel Cabrera ( <i>Head of Cardiology Department. Hospital Universitario Quirónsalud Madrid</i> ) and Josep Brugada ( <i>Cardiovascular Institute, Hospital Clínic Barcelona, Hospital Sant Joan de Déu and Heart Institute Quirónsalud Teknon</i> ). <ul style="list-style-type: none"><li>• <b>Changing paradigms in clinical and scientific medicine: role of real-world evidence.</b> Ralf Kuhlen. <i>Helios Health. Chief Medical Officer.</i></li><li>• <b>Fighting sudden cardiac death: RESET CRT, PROFID and beyond.</b> Nikolaos Dagres. <i>Leipzig Heart Institute. Head of clinical trials.</i></li><li>• <b>Quirónsalud cardiovascular network: A successful example of excellence in clinical research.</b> Gonzalo Pizarro. <i>Hospital Ruber Juan Bravo &amp; CNIC. Associate Chief of Cardiology.</i></li><li>• <b>Research projects in arrhythmias at Teknon Heart Institute.</b> Diego Penela. <i>Heart Institute Quirónsalud Teknon. Associate doctor. Arrhythmia Department.</i></li></ul>

14:00 - 14:30 h	<b>Cocktail</b>
